Home Learning

Autumn 2 2022

Topic: "Behind enemy lines"

Home Learning at Trekener

Each week your child will be given spellings and number facts to practise and they should also try to read with an adult or independently for 10-20 minutes, 5 times a week. Pupils should also try to complete 1 or 2 of the tasks on the grid each week. Homework books can be handed in to class teachers on a Tuesday for checking and will be returned to children on a Thursday.

Reading	Spelling	Maths Fluency
Read your AR or library book every day for at least 15 minutes. Share your books with others by either reading to a parent/ grandparent or younger sibling or discuss with an adult or friend.	Practice spelling the words on the Y5/Y6 spelling lists Weekly spelling tasks.	Practice rapid recall of your times tables on paper, out loud or using TT Rockstars Weekly Key Instant Recall Facts [KIRFS] practice tasks
Science	Topic	PE
Light Can you make a shadow sculpture. Use anything you like and take a photo to stick in your book - or send on Dojo.	Geography Write a list of the top 10 largest countries in the world and say what their population is.	Yoga Find time in your week to practice some mindful movement. Try this Go Noodle guide to focus: https://youtu.be/OvuaCHEAs-4
DT	Maths	Writing
Design and make a Christmas ornament from recycled materials.	Be a defender of Mathematical! KS2 free maths game - Primary mathematics skills - Times tables, multiplication, division, algebra, fractions and decimals - BBC Bitesize	The Mystery of the Stolen Space Suit <small>A serious crime has been committed before the launch of the space shuttle to Mars. It is the night before the rocket is due to launch and everything has been prepared and packed. When the astronauts went in to do their final checks, one of them found that their space suit was missing and saw a worrying pattern on the wall. A well-known scientist said: As the Detective Chief Inspector, it is your job to find out who has stolen the suit. Your officers have taken down the names and descriptions of the many astronauts who were training during the day. There are also five clues that have been left. To crack the case, you will need to solve each clue and then the information against the list of names. (Good luck!)</small>  It's a mystery! Mrs Dingle has your first clue!
